2023 SJCSO HRA Program

Program Dates: January 1 - November 15, 2023

Program Details:

The Health Risk Assessment Surcharge Program (HRA) consists of two steps: an online HRA (Health Risk Assessment) and a Biometric Screening at one of the Marathon Health Wellness Centers. The HRA Surcharge Program is to be completed at one of the three center locations ONLY: O'Connell Wellness Center, Nease Wellness Center, or Pedro Menendez Wellness Center. HRA results are private, confidential, and are not shared with St. Johns County School District. Following your screening, you can download your lab results online and take them to your physician if you choose.

Program Guidelines for Participation:

- All active employees and spouses enrolled in the SJCSO Self-Funded Medical Plan, regardless of age.
- Retirees of SJCSO that are covered under the Medical Plan and their covered spouses under age 65.
- Beginning January 1, 2023, employees born in an **ODD year** and covered under the medical plan are required to complete the HRA by November 15, 2023 (e.g., 1965).
- Employees born in an **EVEN year** and covered under the medical plan are **NOT** required to complete the HRA in 2023. In this case, employees and their spouses will be required to complete these steps from January 1, 2024, through November 15, 2024.
- Employees hired after **March 24, 2023**, and born in an **ODD year** are **NOT** required to complete these steps by November 15, 2023.
- Spouses of covered employees are required to complete the HRA by following the EMPLOYEE'S birth year, regardless of the spouse's birth year (e.g., the employee's birth year is 1965, but the spouse's birth year is 1964).
- This program does not apply to enrolled-dependent children regardless of age.
- If you are enrolled in FAMILY WITH 2 health insurance coverage, both parties follow the HUSBAND'S birth year.
- Same-sex FAMILY WITH 2 employees follow the person with the earlier birth month. For example, if your birth month is July and your spouse's birth month is February, you both follow the birth year of the person born in February.

EMPLOYEE ASSISTANCE PROGRAM

FREE COVERAGE
PROVIDED BY SJCSO

What is an Employee Assistance Program (EAP)?

Part of the wellness program for St. Johns County School District employees is an Employee Assistance Program (EAP). An EAP can provide the help you need to get through tough times.

It is a voluntary and confidential counseling service. Employees and family members may access the EAP to assist them in coping with the stress of everyday life. All services are designed to help maintain emotional well-being, as well as a productive role in the workplace and at home. Services include help with the following problems: abuse, adolescents, aging parents, alcohol/drug abuse, eating disorders, grief, child behavioral disorders, ADD/ADHD, school problems, smoking cessation, stress, and depression.

Who is the EAP Provider?

Dr. Townsend & Associates, PA is staffed by experts in various disciplines who are trained to diagnose and assist people in finding solutions to problems. If you or a family member have a problem, call (904) 797-2705 to set up an appointment. The SJCSO Employee Assistance Program (EAP) is designed to ensure confidentiality at all times. If you are a self-referral, no one employed by the SJCSO will know of your contact with the EAP (to the extent permitted by law). If you are referred by your supervisor, only limited information can be released, and that is only with your specific written permission. People will have problems that sometimes spill over into their personal or professional lives. Usually, the individual solves them alone. Sometimes people are unable to solve these problems without help. It is our belief that most problems can be resolved if professional help is available. This help is provided at no cost for SJCSO employees for their first three EAP visits.

SJCSD Wellness Program is a voluntary wellness program available to all employees. The program is administered according to federal rules permitting employer-sponsored wellness programs that seek to improve employee health or prevent disease, including the Americans with Disabilities Act of 1990, the Genetic Information Nondiscrimination Act of 2008, and the Health Insurance Portability and Accountability Act, as applicable, among others. If you choose to participate in the wellness program you will be asked to complete a voluntary health risk assessment or "HRA" that asks a series of questions about your health-related activities and behaviors and whether you have or had certain medical conditions (e.g., cancer, diabetes, or heart disease). You will also be asked to complete a biometric screening, which will include a blood test, blood pressure, cholesterol, height/weight for BMI, and blood glucose. You are not required to complete the HRA or to participate in the blood test or other medical examinations.

However, employees who choose to participate in the wellness program may receive an incentive of a reduced medical premium for participating. Although you are not required to complete the HRA or participate in the biometric screening, only employees who do so will receive the incentive.

Additional incentives may be available for employees who participate in certain health-related activities or achieve certain health outcomes. If you are unable to participate in any of the health-related activities or achieve any of the health outcomes required to earn an incentive, you may be entitled to a reasonable accommodation or an alternative standard. You may request a reasonable accommodation or an alternative standard by contacting Savannah Garber at sgarber@mbaileysgroup.com.

The information from your HRA and the results from your biometric screening will be used to provide you with information to help you understand your current health and potential risks, and may also be used to offer you services through the wellness program, such as nutrition, physical activity and preventive care educational resources. You also are encouraged to share your results or concerns with your own doctor.

PROTECTIONS FROM DISCLOSURE OF MEDICAL INFORMATION

We are required by law to maintain the privacy and security of your personally identifiable health information. Although the wellness program and SJCSD may use aggregate information it collects to design a program based on identified health risks in the workplace, the wellness program will never disclose any of your personal information either publicly or to the employer, except as necessary to respond to a request from you for a reasonable accommodation. Medical information that personally identifies you that is provided in connection with the wellness program will not be provided to your supervisors or managers and may never be used to make decisions regarding your employment.

Your health information will not be sold, exchanged, transferred, or otherwise disclosed except to the extent permitted by law to carry out specific activities related to the wellness program, and you will not be asked or required to waive the confidentiality of your health information as a condition of participating in the wellness program or receiving an incentive. Anyone who receives your information for purposes of providing you services as part of the wellness program will abide by the same confidentiality requirements. The only individual(s) who will receive your personally identifiable health information is a health coach at the time of the screening in order to provide you with an explanation of the testing results.

In addition, all medical information obtained through the wellness program will be maintained separate from your personnel records, information stored electronically will be encrypted, and no information you provide as part of the wellness program will be used in making any employment decision. Appropriate precautions will be taken to avoid any data breach, and in the event a data breach occurs involving information you provide in connection with the wellness program, we will notify you immediately.

You may not be discriminated against in employment because of the medical information you provide as part of participating in the wellness program, nor may you be subjected to retaliation if you choose not to participate.

If you have questions or concerns regarding this notice, or about protections against discrimination and retaliation, please contact Savannah Garber at SGarber@mbaileysgroup.com.

MEDICARE PART D CREDITABLE**COVERAGE DISCLOSURE NOTICE*****What is considered creditable coverage?***

Under the Medicare Prescription Drug, Improvement, and Modernization Act of 2003 (Medicare Part D) prescription drug coverage is considered creditable if the amount the plan expects to pay on average for prescription drugs for individuals covered by the plan in the applicable year for which the disclosure notice is being provided is the same or more than what standard Medicare prescription drug coverage would be expected to pay on average. If the prescription drug coverage does not meet these standards is considered to be non-creditable.

Why is creditable coverage important?

Making sure you have creditable coverage is important. If you fail to enroll in Medicare Part D when you first become eligible or if you drop or lose your creditable coverage and don't join a Medicare drug plan within 63 continuous days after your creditable coverage ends, you may pay a higher premium (a penalty) to join a Medicare drug plan later, which can only be done from October 15th through December 7th of each year.

How can I find out more?

- Visit www.medicare.gov
- Call your State Health Insurance Assistance Program (see the inside back cover of your copy of the "Medicare & You" handbook for their telephone number) for personalized help
- Call 1-800-MEDICARE (1-800-633-4227).
- TTY users should call 1-877-486-2048.

The Medicare Part D "credibility status" for our group medical plans is listed under Pharmacy Info on page 6 of this booklet.

PORTABILITY OF COVERAGE

The Health Insurance Portability and Accountability Act (HIPAA) of 1996 entitles you to a complete transfer of benefits (no pre-existing condition exclusions) if you change jobs or your employer changes insurance carriers. To guarantee the portability of your benefits, your previous coverage must not have lapsed for more than 63 days prior to your new eligibility date and you must provide proof of prior coverage to your new employer.

MICHELLE'S LAW

Michelle's Law protects a postsecondary student from losing full-time student status under an employer's medical coverage if the student is (i) a dependent child of a participant or beneficiary under the terms of the plan; and (ii) enrolled in a plan on the basis of being a student at a postsecondary educational institution immediately before the first day of a medically necessary leave of absence from school. A dependent covered under the law is entitled to the same benefits as if the dependent continued to be enrolled as a full-time student. The law also recognizes that changes in coverage (whether due to plan design or a subsequent annual enrollment election) pass through to the dependent for the remainder of the medically necessary leave of absence.

CHILDREN'S HEALTH INSURANCE PROGRAM

The CHIP Notice that describes this program is available on sjcsd.mbaileysgroup.com and from the Human Resources Benefits Department.

NEWBORNS' & MOTHERS' HEALTH PROTECTION ACT

Group health plans and health insurance issuers generally may not, under federal law, restrict benefits for any hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a cesarean section. However, federal law generally does not prohibit the mother's or newborn's attending provider, after consulting with the mother, from discharging the mother or her newborn earlier than 48 hours (or 96 hours as applicable). In any case, plans and issuers may not, under federal law, require that a provider obtain authorization from the plan or the issuer for prescribing a length of stay not in excess of 48 hours (or 96 hours).

MENTAL HEALTH PARITY & ADDICTION EQUITY ACT (MHPAE)

Group health plans sponsored by State and local governmental employers must generally comply with Federal law requirements in title XXVII of the Public Health Service Act. However, these employers are permitted to elect to exempt a plan from the requirements listed below for any part of the plan that is "self-funded" by the employer, rather than provided through a health insurance policy. St. Johns County School District has elected to exempt the St. Johns County School District Self-Funded Medical Plan from the following requirements:

Protections against having benefits for mental health and substance use disorders be subject to more restrictions than apply to medical and surgical benefits covered by the plan.

The exemption from these Federal requirements will be in effect for the 2023 plan year beginning January 1, 2023, and ending December 31, 2023. The election may be renewed for subsequent plan years.

WOMEN'S HEALTH AND CANCER RIGHTS ACT

If you have had or are going to have a mastectomy, you may be entitled to certain benefits under the Women's Health and Cancer Rights Act of 1998 (WHCRA). For individuals receiving mastectomy-related benefits, coverage will be provided in a manner determined in consultation with the attending physician and the patient, for:

1. All stages of reconstruction of the breast on which the mastectomy has been performed;
2. Surgery and reconstruction of the other breast to produce a symmetrical appearance; and
3. Prostheses and physical complications of mastectomy, including lymphedemas, in a manner determined in consultation with the attending physician and the patient.

These benefits will be provided subject to the same deductibles and coinsurance applicable to other medical and surgical benefits provided under this plan. If you would like more information on WHCRA benefits, call your plan administrator at 904-461-2116.

SPECIAL ENROLLMENT RIGHTS

If you decline enrollment for yourself or your dependents (including your spouse) because of other medical insurance or group medical plan coverage, you may be able to enroll yourself and your dependents in this plan if you or your dependents lose eligibility for the other coverage (or if the employer stops contributing towards you or your dependents' other coverage). However, you must request enrollment within 31 days after your coverage or your dependents' coverage ends (or after the employer stops contributing toward the other coverage).

In addition, you may be able to enroll yourself and your dependents if you have a new dependent as a result of marriage, birth, adoption, or placement for adoption, if your dependents lose eligibility for coverage under Medicaid or the Children's Health Insurance Program (CHIP) or become eligible for a premium assistance subsidy under Medicaid or CHIP.

SPECIAL ENROLLMENT RIGHTS CONT'D

However, you must request enrollment within 31 days after the marriage, birth, adoption, or placement for adoption or within 60 days of the date of loss of CHIP coverage. To request a special enrollment or obtain more information, contact HR Benefits Department.

A NOTE ABOUT SOCIAL SECURITY

Pre-tax deductions taken from your paycheck lowers your taxable income. Therefore your Social Security taxes (and, consequently, your future Social Security benefits) may be lower. How you are affected depends on your pay and the amount of pre-tax contributions you make.

The reduction on Social Security benefits, if any, for most employees will be minimal – a few dollars a month. Younger employees who use large amounts of tax-free dollars to pay for benefits over a long period (20 to 30 years) may experience a greater reduction in benefits when they retire. However, for most people, the benefit reduction has been more than offset by the tax savings. For more information, please contact your local Social Security Administration office.

PRE-TAX OR AFTER-TAX?

For some benefits, you can use pre-tax dollars from your pay. For others, you must use after-tax dollars.

When you pay for benefits with pre-tax dollars, money is deducted from your pay before taxes are taken out. This way, you avoid paying Federal Income taxes on what you spend on qualified benefits. With after-tax contributions, just the opposite is true. They're deducted from your pay after Federal Income taxes are calculated and deducted from your gross pay.

HIPAA NOTICE OF PRIVACY PRACTICES

The HIPAA Notice of Privacy Practices is available on sjcsd.mbaileygroup.com and from the Human Resources Department.

HEALTH CARE REFORM: AFFORDABLE CARE ACT

Summaries of Benefits and Coverage

The Patient Protection and Affordable Care Act (PPACA) requires health plans and health insurance issuers to provide uniform summaries of benefits and coverage (SBC). These SBCs are provided by our medical insurance carrier.

You can access the SBCs on sjcsd.mbaileygroup.com.

Paper copies are also available, free of charge, by calling Florida Blue at 800-352-2583 and Express Scripts at 855-723-6091, or by contacting The Bailey Group at 904-461-1800. This notice is provided to eligible employees. It is the responsibility of the employee to share this information with eligible dependents.

You can request a copy of this notice to be sent to eligible dependents that reside at an address other than your own by contacting Human Resources and providing the separate mailing address, or by contacting The Bailey Group at 904-461-1800.

Health Insurance Marketplace (Exchange)

This section provides some basic information about the new Health Insurance Marketplace and employment-based health coverage offered by your employer. The Exchange Notice of Coverage Options is available on sjcsd.mbaileygroup.com and from the Human Resources Department.

What is the Health Insurance Marketplace?

The Marketplace is designed to help you find health insurance that meets your needs and fits your budget. You may also be eligible for a tax credit that lowers your monthly premium. The annual open enrollment periods begin each year on November 1st and ends December 15th for the following year's coverage (these dates are subject to change). An individual generally cannot enroll in a QHP outside of the open enrollment period, unless a special enrollment period applies.

Can I Save Money on my Health Insurance Premiums in the Marketplace?

You may qualify to save money and lower your monthly premium, **but only if your employer does not offer coverage, or offers coverage that doesn't meet certain standards.** The savings on your premium that you're eligible for depends on your household income.

Does Employer Health Coverage Affect Eligibility for Premium Savings through the Marketplace?

Yes. If you have an offer of health coverage from your employer that meets certain standards, you will not be eligible for a tax credit through the Marketplace and may wish to enroll in your employer's health plan. However, you may be eligible for a tax credit that lowers your monthly premium or a reduction in certain cost-sharing if your employer does not offer coverage to you at all or does not offer coverage that meets certain standards. If the cost of the least expensive plan that meets "minimum value" standards offered by your employer that would cover you (and not any other members of your family) is more than 9.69% of your household income for the year, or if the coverage your employer provides does not meet the "minimum value" standard set by the Affordable Care Act, you may be eligible for a tax credit.

Our group medical coverage has been determined to meet affordability and "minimum" value standards as required by the Affordable Care Act. This means that employees eligible for participation in our group medical coverage are not eligible for a premium reduced policy through the Marketplace.

Note: If you purchase a health plan through the Marketplace instead of accepting health coverage offered by your employer, then you will lose the employer contribution to the employer-offered coverage. Also, this employer contribution, as well as your employee contribution to employer-offered coverage, is often excluded from income for Federal and State income tax purposes. Your payments for coverage through the Marketplace are made on an after-tax basis.

The Marketplace can help you evaluate your coverage options, including your eligibility for coverage through the Marketplace and its cost. Please visit HealthCare.gov for more information, including an online application for health insurance coverage and contact information for a Health Insurance Marketplace in your area. Contact Human Resources for additional information.

In accordance with the Affordable Care Act (ACA), all individuals are required to comply with the individual mandate for 2017 and 2018 or pay a penalty when filing end of year taxes. Beginning in 2019, individuals will no longer be penalized for failing to obtain acceptable health insurance coverage for themselves and their family members.
